

The Study on Restructuring of Intercity Public Transport Services

Client: Office of Transport and Traffic Policy and Planning (OTP),
Ministry of Transport

Period of Appointment: 2009-2010

AMP Consultants Ltd., in association with PlanPro Corp., Ltd. and Chotichinda Mouchel Consultant Ltd., were commissioned by OTP to investigate improvement of public transport operation for intercity passengers.

Main tasks included (i) passenger demand and travel pattern analysis; (ii) recommendation of the infrastructure improvements needed (i.e. network and management); (iii) application of common ticketing and fares; (iv) recommendation of institutional reforms; (v) drafting of a 10-year master plan and a 5-year action plan for improvement of intercity passenger transport services.
