

# The Study on Operational Reform of Fixed-Route Bus Services in Thailand

**Client:** Department of Land Transport (DLT),  
Ministry of Transport

**Period of Appointment:** 2008-2009

AMP Consultants Ltd. was commissioned by the Department of Land Transport to advise on how the operation of fixed-route buses in segments 2, 3 and 4 (including segment 1 in each province) could be improved.

Key elements of the analysis included assessment of existing sector structures and related legal issues, design of reform options, passenger forecasting for each option, evaluation of reform options, and drafting of a Reform Master Plan.
