

Industrial Estate Refurbishment Study- Landscape and Visual Appreciation

Client: Turvey Consultancy Ltd

Period of Appointment: 2002

Industrial estate refurbishment for the land development which is a part of transportation system and landscape planning is very essential. Study areas are in Ladkrabang, Mab-Ta-Pud and Bang-Pu. This study focuses on the effects of the transportation and urban planning.

The study shows the landscape and visual amenity on industrial study sites, including the investment concept.
