

Traffic Impact Assessment in Central Plaza Rama II

Client: Central Pattana Public Co Ltd

Period of Appointment: 2000 to 2001

The key tasks are as follows;

- Geometric design for flyover linking DOH U-turn to the department store
- Traffic forecast
- Traffic impact assessment
- Traffic management
- Transport planning
- Traffic signs/ road markings
- Parking design

JMP (Thailand) Ltd has been commissioned by the Central Pattana Public Company Limited, one of the largest Shopping Centre companies in Thailand, for studying the traffic impact assessment for a new development business area on Rama 2 road.

In this study, JMP has analysed the impact of a the flyover linking DOH U-turn to the new business area.
