

Project Preparation Advisory Service for the Implementation of BRT Automatic Fare Collection System

Client: *Krungthep Thanakom Co. Ltd.,
Bangkok Metropolitan Administration (BMA)*

Period of Appointment: *2010*

AMP Consultants Ltd. was commissioned by Krungthep Thanakom Ltd. to advise on the implementation and operation of the automatic fare collection system for the BRT service (Chong Nonsi – Krungthep Bridge). The key objective was to provide the framework for implementation of Stored Value Ticketing on BRT services by analyses including transport modelling, financial appraisal and analysis of relevant legal issues.
